Dash Disassembly

– Land Rover Freelander 2004-2006 3-5

Kit Assembly

– DIN head unit provision 6

Caution

Metra recommends disconnecting the negative battery terminal before beginning any installation. All accessories, switches, and especially air bag indicator lights must be plugged in before reconnecting the battery or cycling the ignition.

****NOTE: Refer also to the instructions included with the aftermarket radio.***

KNOWLEDGE IS POWER

Continue to kit assembly

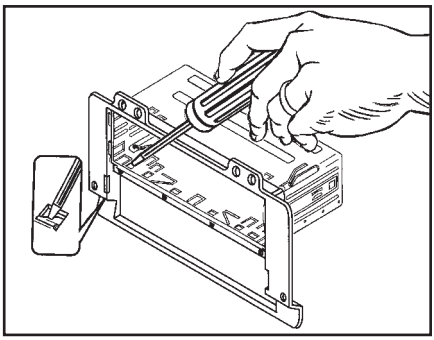

(Figure G)

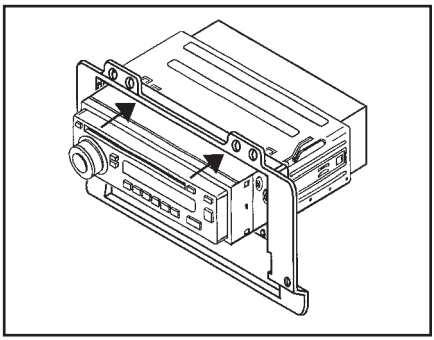

(Figure H)

DIN head unit provision

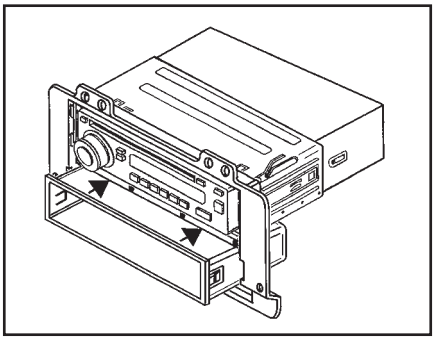

1. Locate the factory wiring harness in the dash. Metra recommends using the proper mating adapter from Metra or AXXESS. Re-connect the negative battery terminal and test the unit for proper operation.
2. Slide the DIN cage into the radio housing and secure by bending the metal locking tabs down. (Figure A)
3. Slide the aftermarket head unit into the DIN cage until secure. (Figure B)
4. Slide the included pocket into the radio housing until secure. (Figure C)
5. Reassemble dash in reverse order of disassembly.
