Metra recommends MECP certified technicians.

DOUBLE DIN / STACKED ISO DIN HEAD UNIT PROVISIONS

Note: Refer also to the instructions included with the aftermarket radio.

1 Determine whether the radio/ kit assembly will be mounted on top of a surface or under it (over dash vs. under dash…), and then mount the radio accordingly.

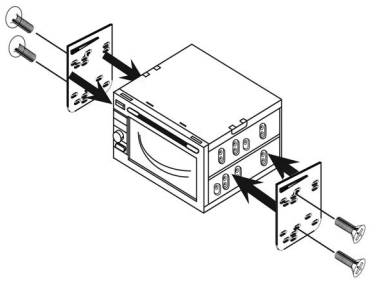

2 Mount the brackets to the head unit with the screws supplied with the unit. (Figure A)

3 Place the radio into the housing and rout wires and antenna through the holes provided on the back of the housing. (Figure B)

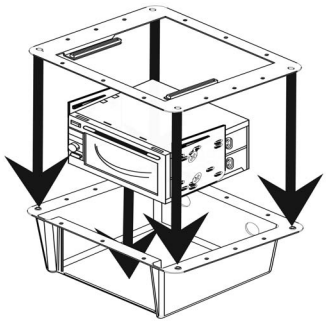

4 Place the support plate over it and align the slots from the support plate with the brackets. (Figure B)

5 Mount the radio / housing assembly to the dash. (Figure C)
